
«Happy Day» Game Rules

Rules for participation in the «Happy Day»
supplementary game in «Happy Day» TV
shows

Valid from 22 October 2021

Contents

A.	General principles	2
B.	Entitlement to participate	2
C.	Draws	3
Art. 1	General and responsibility	3
Art. 2	The first round: the draw for 20 (twenty) «Happy Day» instant ticket coupons and determination of a maximum of 10 (ten) telephone candidates.....	3
Art. 3	The second round: the draw for CHF 1,000,000.....	5
Art. 4	The third round: choice of an instant win or the chance to enter the «Happymat» cash shower and the opportunity to play for a further cash sum	5
D.	Various provisions	7

A. General principles

1. «Happy Day» is the title of a TV show (subsequently «Happy Day» show) from Schweizer Radio und Fernsehen (subsequently «SRF»), which offers anyone who has sent in a «Happy Day» instant ticket coupon the chance to win the main prize of CHF 1,000,000 cash, as well as other prizes including up to 9 (nine) instant prizes (cash and non-cash prizes, hereinafter collectively referred to as «instant win») and/or entry into the «Happymat» cash shower with the opportunity to win an additional cash sum.
2. These Rules are supplementary to the document «General Terms of Participation for Printed Instant Ticket Products» issued by Swisslos Interkantonale Landeslotterie (subsequently «Swisslos») and apply exclusively to the «Happy Day» supplementary game played during «Happy Day» shows. If there are any conflicts between the document «General Terms of Participation for Printed Instant Ticket Products» issued by Swisslos and these Rules, the provisions stipulated in these Rules take precedence.
3. The prizes distributed during the «Happy Day» supplementary game are part of the prize structures for the «Happy Day» lottery product.

B. Entitlement to participate

4. Only those Swisslos «Happy Day» instant ticket coupons which display the «Happy Day» winning print (subsequently ««Happy Day» instant ticket coupon») entitle players to participate in the «Happy Day» supplementary game.
5. Players who wish to participate in the «Happy Day» supplementary game must fill in the corresponding «Happy Day» instant ticket coupon in a clearly legible fashion, providing at least their name, address, and telephone number (private landline or mobile phone number), and send it to the following address, ensuring sufficient postage:

«Happy Day», P.O. Box, 8099 Zurich

«Happy Day» instant ticket coupons which are sent without postage or with insufficient postage, or which have not been completed in accordance with the provisions set out in these Rules are excluded from taking part in the «Happy Day» supplementary game. If more than one natural person is entered as the sender on the instant ticket coupon, Swisslos considers the person whose name is listed first to be the representative of the group of persons and the individual entitled to receive any prize; any internal agreements among the persons listed on the instant ticket coupon are not affected. If two or more telephone numbers are entered on the instant ticket coupon, Swisslos will only use the mobile number, or in the case of two landline numbers the number which is listed first.

6. A «Happy Day» instant ticket coupon is valid up to and including the broadcast of the television show of the same name on 30 April 2022. A «Happy Day» instant ticket coupon entitles a player to participate in the «Happy Day» supplementary game only once. Once players have participated, the instant ticket coupons are destroyed. The «Happy Day» instant ticket coupon is generally entered into the next «Happy Day» supplementary game that follows receipt of the instant ticket coupon at the address given in point 5.

C. Draws

Art. 1 General and responsibility

7. The «Happy Day» supplementary game has three rounds; the first round is divided into two phases and the third into three. In this context, the necessary draws and also the choice between an instant win and the chance to enter the «Happymat» cash shower as well as play for a cash sum in the «Happymat» cash shower take place in the TV studio as part of the «Happy Day» show. The first and second rounds of the «Happy Day» supplementary game both take place in one show and the third round takes place in the following show. Dates for the «Happy Day» shows are published by Swisslos and SRF; there are generally five shows per year. The cooperation between Swisslos and SRF ends on 30 April 2022; the «Happy Day» supplementary game will thus only take place in two of the five shows planned for 2022.
8. Swisslos is responsible for holding the «Happy Day» supplementary game and in particular the draws. Moreover, all draws and also telephone calls with candidates are made under the supervision of a representative from the secretariat of the Swiss Gambling Supervisory Authority (Gespa) or a supervisor or supervising body entrusted by Gespa (subsequently «supervisor»). All decisions regarding a player's entitlement to participate in the supplementary game and also the holding of the draws are taken in agreement between the draw master responsible at Swisslos and the supervisor, with the latter being able to make the final decision. Decisions taken by the supervisor as well as draw results are final.

Art. 2 The first round: the draw for 20 (twenty) «Happy Day» instant ticket coupons and determination of a maximum of 10 (ten) telephone candidates

9. In the first phase of the first round, all of the «Happy Day» instant ticket coupons that were received in good order at the address given in point 5 and with enough time for Swisslos to carry out the preparations required for the draw are entered into the draw.
10. The purpose of this draw is to find 20 (twenty) «Happy Day» instant ticket coupons for each «Happy Day» show along with their senders or representatives (in the case of several senders), which are then split into 10 candidates and 10 reserve candidates (subsequently «candidates from the first draw»).
11. In the first round, the 20 (twenty) «Happy Day» instant ticket coupons are drawn under the supervision of the draw master responsible at Swisslos and with the help of the «Happymat» cash shower, as well as by hand from an appropriate container by a person authorized by Swisslos.

The «Happymat» cash shower (specifically its ejection mechanism and instant ticket container) is filled in advance at random with «Happy Day» instant ticket coupons which are entitled to participate in accordance with point 9. Any surplus «Happy Day» instant ticket coupons are eliminated. Once the «Happymat» cash shower has been started, some of the «Happy Day» instant ticket coupons flying around fall into a container placed in the middle of the «Happymat» cash shower. Once the «Happymat» cash shower has been turned off, the container filled in this way is removed from the «Happymat» cash shower. Any «Happy Day» instant ticket coupons stuck to the outside of the container are removed by the draw master responsible at Swisslos while still in the «Happymat» cash shower and are not permitted in the subsequent draw. After that, the authorized person draws the 20 «Happy Day» instant ticket coupons out of this container.

The «Happy Day» instant ticket coupons are placed in numbered containers following the order of the draw; the instant ticket coupon drawn first is placed in container 1, and the one drawn last is placed in container 20. The «Happy Day» instant ticket coupons drawn are checked by the Swisslos representative and the supervisor, with reference to the following criteria:

- The authenticity of the «Happy Day» instant ticket coupon
- «Happy Day» instant ticket coupons completed in accordance with the provisions of these Rules.

If one of the above criteria is not fulfilled or if it is clear that a joke address has been provided, the instant ticket coupons are deemed void and retroactively eliminated from the draw process (not entitled to participate). Replacement draws are not held.

12. If it is not possible to draw the 20 (twenty) «Happy Day» instant ticket coupons with the help of the «Happymat» cash shower in accordance with point 11, the instant ticket coupons are drawn by hand directly from the instant ticket container in the «Happymat» cash shower by a person authorized by Swisslos under the supervision of the draw master responsible at Swisslos. The instant ticket container is situated on one side of the «Happymat». As a general rule, it is not accessible and must be opened manually.
13. In the second phase of the first round, candidates from the first draw are telephoned in the order in which the «Happy Day» instant ticket coupons were drawn until 10 (ten) candidates or their representatives (subsequently «telephone candidates») are successfully contacted.
14. If a candidate from the first draw (or their representative in accordance with point 16) is not contactable within the time frame defined in point 15, this candidate is automatically eliminated from the supplementary game. Another telephone candidate is chosen to take their place in accordance with point 13. Moreover, all remaining candidates from the first draw are eliminated as soon as the 10 (ten) telephone candidates in accordance with point 13 have been chosen.
15. A candidate is deemed not contactable if
 - neither the candidate nor their representative in accordance with point 16 answers the call on the phone number provided following a time frame determined and communicated before the show (at least 30 seconds), counted as of the first ringing tone
 - the line is engaged
 - a telephone connection cannot be made, either because of technical reasons, an operating error or force majeure, or
 - the telephone connection is disconnected by the candidate or their representative before their name or that of their representative can be verified.

The game is over for any candidate who cannot be contacted for the above reasons.

16. If the telephone number provided by the sender (or representative in the case of several senders) on the «Happy Day» instant ticket coupon is not answered by the sender personally, the sender acknowledges that they will be legitimately represented by any other person who is contactable on the telephone number

provided on the evening of the «Happy Day» show, irrespective of their age, relationship to the candidate or any other factors.

17. As soon as a candidate from the first draw has been contacted and established as one of the 10 (ten) telephone candidates in accordance with point 13, their name and address will be displayed on the show, irrespective of whether it is the candidate themselves or their representative (in accordance with point 16) who answers the telephone. If fewer than 10 (ten) candidates (or their representatives) out of the 20 (twenty) candidates from the first draw can be contacted, only the names of the candidates and telephone candidates who could be contacted are displayed and only these candidates are entitled to take part in the second and third rounds of the «Happy Day» supplementary game. A replacement draw is not held.

Art. 3 The second round: the draw for CHF 1,000,000

18. During the electronic draw held in the second round, verified draw software is used to draw the winner of CHF 1,000,000 from among the telephone candidates. The draw process and the draw result are displayed with the aid of a draw display (subsequently «millions wheel»). In addition, each telephone candidate is allocated one or more sectors of the millions wheel, with each telephone candidate being allocated the same number of sectors. The millions wheel is started manually by a person authorized by Swisslos; it begins to spin faster and faster. The same authorized person then manually starts the draw process; the wheel spins more and more slowly until it stops on a segment, showing the winner. The game thus ends for the winner of the one million francs from the electronic draw; the presenter of the «Happy Day» show contacts the winner, if possible, and congratulates them live on air. Qualification for the third round of the following «Happy Day» show lapses in the last «Happy Day» show of 30 April 2022, since the show on 30 April 2022 marks the end of the cooperation between Swisslos and SRF. The maximum 9 (nine) phone candidates in the show on 30 April 2022 will thus win an overall amount of CHF 15,000.

19. If it is not possible for the draw to be made electronically using the verified draw software in accordance with point 18, the telephone candidates' instant ticket coupons are drawn straight from a container by a person authorized by Swisslos.

Art. 4 The third round: choice of an instant win or the chance to enter the «Happymat» cash shower and the opportunity to play for a further cash sum

20. Third round candidates are invited to the third round for the live broadcast of the relevant «Happy Day» show in the TV studio. Invitations are made in writing and sent, together with these Rules, to the addresses provided on the instant ticket coupons which were drawn.

21. A third round candidate may instead send to the «Happy Day» show in the TV studio a responsible representative who is capable and able to communicate with the presenter of the «Happy Day» show in one of the three official languages (German, French or Italian) and to make decisions in accordance with point 24. The third round candidate must notify Swisslos of this decision in good time in accordance with the terms laid out in the invitation. If a third round candidate is underage or incapacitated, they must nominate a legal representative to represent them in the «Happy Day» show in the TV studio but may also participate in the show. Parents (father and/or mother) and legal guardians are considered legal representatives. If there are any doubts as to whether a legal proxy relationship exists, the relevant supporting documents must be produced in good time before

the respective show. Irrespective of whether a proxy relationship exists, the person entitled to any prize is always the person whose name is on the «Happy Day» instant ticket coupon which was drawn and never the proxy or legal representative. The actions and decisions taken by the proxy or legal representative are binding and are always considered to have been made with the consent of the actual third round candidate.

22. The third round candidates (or their representatives) are registered before the show and their identity is checked by a Swisslos representative on the day of the show (identity check). If it is not possible for a third round candidate (or their representative) to prove their identity, they are excluded from participating in the third round. Third round candidates who do not report to the specified meeting point by the time stated on the invitation and who do not have a representative in accordance with these Rules are also excluded from participating in the third round.
23. Each third round candidate (or their representative) present at the «Happy Day» show is allocated an illuminated stand.
24. In the first phase of the third round, each third round candidate (or their representative) must choose between an instant win (non-cash prize or cash prize worth between CHF 5,000 and CHF 15,000) announced and displayed in advance and the chance to enter the «Happymat» cash shower with the opportunity to win an additional cash sum. The selection is made by pressing the corresponding button (subsequently «selection buzzer») on the illuminated stand allocated to the candidate. The decision on the selection must be made within the time frame set and communicated prior to the show (subsequently «decision period»). All third round candidates (or their representatives) make this decision during the same decision period; once a decision is made it is not final and may be reversed or changed until the end of the specified decision period. The third round candidates' decisions (or those of their representatives) are continuously displayed to the other third round candidates (or their representatives). Third round candidates who choose an instant win then win this prize and leave the competition at this point.
25. If the selection between an instant win and the chance to enter the «Happymat» cash shower cannot be made with the selection buzzer, the selection is made using balls that can be placed on or under the illuminated stand by the third round candidates (or their representatives), or through another suitable selection method communicated in advance by Swisslos. Swisslos may extend the time period for deciding on this selection if need be.
26. In the second phase of the third round, a game candidate is electronically drawn from among the third round candidates (or their representatives) who opted for the chance to enter the «Happymat» cash shower (subsequently «candidates for the «Happymat» cash shower») using verified draw software.
27. The draw result is displayed with the aid of the illuminated stand allocated to the third round candidate (or their representative). The draw process is started manually; the illuminated stands of the candidates for the «Happymat» cash shower begin to flash one after the other at increasing speed. The draw is started manually by a person authorized by Swisslos; the illuminated stands start to flash more slowly until only that of one candidate for the «Happymat» cash shower lights up. This candidate for the «Happymat» cash shower is the game candidate and has won entry into the «Happymat» cash shower.
28. If it is not possible for the draw to be made electronically using the verified draw software in accordance with point 27, the draw is instead done manually by the

draw master responsible at Swisslos via another draw process communicated by Swisslos.

29. If all third round candidates (or their representatives) choose an instant win during a «Happy Day» show, a draw to enter the «Happymat» cash shower does not take place.
30. In the third phase of the third round the game candidate has the opportunity to win a cash sum in the «Happymat» cash shower. The game candidate is thus equipped with a special container. The game candidate then gets into the «Happymat» cash shower; when the «Happymat» cash shower is turned on, bank notes fly around and the candidate tries to collect as many bank notes as possible in this special container. When the «Happymat» cash shower is turned off after a period of time set and communicated prior to the show, the game candidate leaves with the special container. The game candidate (or the person representing them who is entitled to the prize) gets to keep the sum of all of the bank notes that they collect in this special container during this time.
31. A maximum of CHF 1,200,000 is available for filling the «Happymat» cash shower each calendar year (5 regular shows).
32. If the «Happymat» cash shower game cannot go ahead during the show for technical or organizational reasons, the game candidate (or their representative) receives a further chance to take part in the «Happymat» cash shower game at the next opportunity (but not during the current show).
33. Details regarding conduct in the instant ticket coupon draw machine converted into a cash shower, as well as the terms of filling the «Happymat» cash shower, are included in a special set of Rules issued by Swisslos and approved in advance by the Swiss Gambling Supervisory Authority (Gespa) which are provided to the game candidate in good time before the third phase of the third round.

D. Various provisions

34. The player and/or third round candidate is solely responsible for correctly completing the «Happy Day» instant ticket coupon and/or their instructions regarding making decisions in accordance with point 24. They bear the risk in cases where neither they nor a representative are contactable by telephone (for factual or technical reasons), where they cannot be notified in good time of their invitation to participate in the third round, or where they (or their representative) do not show up for the «Happy Day» show for the third round.
35. If logistically possible, each winner of the CHF one million in accordance with point 18 will be visited and filmed by a team assigned by Swisslos after the «Happy Day» show. The relevant visual and audio recordings are transmitted to SRF for integration into the following «Happy Day» show. The winners of the CHF one million are also scheduled to attend the «Happy Day» show which follows their win and to be suitably involved in the first round draw process in accordance with point 11, as well as press the start/stop button in the second round to activate the millions wheel and/or the draw process in accordance with point 18. Swisslos also reserves the right to send a team to visit and film the winners of the other prizes following the «Happy Day» show and to transmit the visual and audio recordings to SRF for integration into the following «Happy Day» show.
36. By submitting the «Happy Day» instant ticket coupon to the address given in point 5, the player accepts these Rules and the publicity associated with participation

and any possible prize, in particular that their name, address and visual and audio recordings (cf. points 17, 18, 27, 30 and 36) will be mentioned and integrated into the «Happy Day» show by SRF and also mentioned and published in other media. The same applies to the winner of the CHF one million with regard to their attendance at the «Happy Day» show following their win and/or the players (or their representatives) in the third round with regard to the publicity associated with the «Happy Day» show in the TV studio.

Where the English, French or Italian version of these Rules deviates from the German version, the German version alone is binding.

These Rules were approved by the Swiss Gambling Supervisory Authority (Gespa) and apply as of 22 October 2021.
